CYBELE  TILE

CYBELE TILE

CybeleTile is a leading company in slim tile industry with innovative and striking designs based on long time research and experience. With unique applications and stylish models, CybeleTile serves in Turkey and European by office and showrooms located in these regions since the year 2011.

CybeleTile gets together international thin tile experts and top oriental architects, using the latest and innovative special technology to produce slim tile with European standard in any sizes. Design features are the strong determinants of life energy. Based on this, we adopt the human as our starting point to get more effective results. The reflection of your requests within the space constitutes our most important criteria.

We meticulously process the finest details, including personal and commercial use. While focusing on special designs, we offer tiles that form the perfect combination of visuality and material.

CybeleTile slim porcelain tiles are fire-proof, moisture-proof, mould-proof, long lasting and environmentally friendly. Slim tile can be widely used for indoor or outdoor areas, including home and commercial areas like bus station, airport, metro station and all sorts of places. The application of slim tile is going to be the revolutionary replacement of traditional tiles and materials. Slim tiles with bigger size but lighter weight are going to be the trend of the market and CybeleTile will continue to determinate and lead the industry.
